

A bone-weary speaker of the house looked tiredly at Michigan's mushrooming governmental costs this week and predicted a constitutional convention "in the next few years" as the only answer to the taxing problem.

Fifty-three-year-old Victor A. Knox (R-Sault Ste. Marie), now in his 16th year as representative and sixth year as speaker, said the G.O.P. controlled legislature would do all that is possible to put the state on a paying basis, but admitted frankly the lawmakers have two strikes against them before the first appropriation bill is pitched.

"The people will not tolerate new taxes every year," he said. "A constitutional convention will be necessary to revamp the whole tax structure, which like every other has just grown."

Meanwhile Knox is sweating out means of meeting the \$44½ millions which inflation has increased normal governmental costs before jumping into the old deficit bugaboo—which he estimates will hit \$103 million by next July. "If we follow Williams' program,"

immediate recommendations include:

- 1 Analyze state payrolls. Knox says the state wouldn't suffer seriously if five percent is taken off civil service payrolls.
- 2 Chop personnel services and look into salary increases. The G.O.P. leader says some wages in civil service have jumped as much as \$100 per month through a combination of the pay increase, reallocation of personnel and normal promotions.
- 3 Check institutional costs.

And lastly, the speaker said, "It is my hope the committees will hold all tax bills until determination is made as to what appropriations absolutely are necessary and adjust the bills to conform."

No, the speaker said, the Republican party has NOT committed itself to a program of no new taxes. "The Republican coordinating committee long ago went on record as advocating additional taxes to put the state on a paying level and then retire the present deficit over the next 10 to 15 years."

Then he added wearily, "but people won't stand for it much longer. Revision of the entire tax structure is the only answer."

A constitutional convention could set up a new tax action field pointed out, which could not be invaded by local units and diversely local tax units would be independent of state taxes.

"As it stands now, the state is just a collection agency. Of the \$40 million collected by the state each year, \$15.5 million is returned to local units. The state even pays collection costs. What kind of business is that?"

The total indebtedness of Michigan's local units and the state government exceeds \$1 billion. "It is impossible for the state to spend itself into prosperity," Knox rumbled. "Not an original statement, to be sure, but it fits the present situation."

"A constitutional convention is justified."

"I have traveled about the state good deal lately and I have heard only one voice cry out for more and more state government and that is the voice of the governor. The people want economy."

In 1945, the State payroll total \$33,384,026.00. In 1951, it had more than doubled to \$81,887,642.00. All that took place in just six years. It has been estimated that the payroll will grow to \$93,000,000 in the current fiscal year.

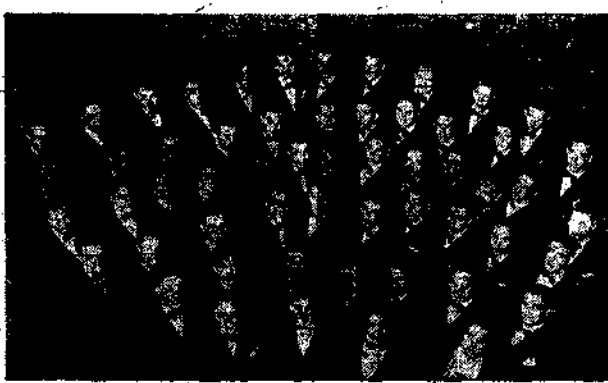

The Legislature has had no help at all from the governor in feeling this crisis. He wants to end and spend, to expand State services to new heights, because he thinks it is smart campaigning to promise the people more and more. Never does he tell the people that they must pay for the cost of State government. Instead he tries to make them believe that they are going to get something for nothing."

"The governor has criticized the legislature's effort to meet his

Area T. B. Survey On

Hundreds of bits of tuberculin treated adhesive patches on the arms of Crawford County school students this week signaled the beginning of the area tuberculosis survey.

Told by nurses to remove the patches after two days, students were to be seen again by the nurse at the end of four days for inspection of the area of skin covered by the testing tape. If the skin which the patch covered shows a "red raised" reaction, the student will receive a free chest X-ray at a later date.

Financially, tax funds are paying for many phases of the five-county program and tuberculosis Christmas Seal dollars are also helping meet costs. About 4,000 students are being tested in Crawford, Kalkaska, Missaukee, Roscommon and Wexford counties.

Citing Michigan Tuberculosis Association reports, Dr. C. E. Merritt, district health department director, explained the importance of the testing.

The doctor said no county in the district has escaped tuberculosis in the past three years. Deaths from the disease continued their steady decline but in two years alone (1949-50) he noted that 27 new tuberculosis cases turned up in the five counties.

Although every reactor to tuberculin has TB germs in his body Dr. Merritt predicted that only a handful of students reactors to the test will later be found to have any significant trouble.

However, by having periodic chest X-rays, every reactor can guard against an unsuspected outbreak of active disease. If the tuberculosis should become active in later years, the check-ups would probably spot it before too much damage was done.

Dr. Merritt said it is also recommended that every adult be checked if children in the home react to tuberculin. The reaction shows that the child was, or is, exposed to tuberculosis germs and the source might be in the home, or among relatives and friends.

Pleased with "the excellent spirit of cooperation" being shown in the drive, Dr. Merritt emphasized that the tuberculin test should by no means be considered the final word in checking up on tuberculosis.

He urged regular visits to family physicians and periodic chest X-rays for all adults as "essential" to health protection.

Testing for TB

"It's easy" the nurse tells this eleven year old girl as she applies a tuberculin patch test to check up for tuberculosis. Parents, schools, the district health department and Michigan Tuberculosis Association are co-operating in a testing program designed to reach 4,000 school children in Crawford, Kalkaska, Missaukee, Roscommon and Wexford counties.

Workers Wanted

Sewers are needed by the Red Cross to make layettes to be used here in Grayling and vicinity. There is to be no pay for your work, only your own satisfaction in knowing that you have helped your neighbor.

One of the services of the Red Cross is termed production. In this county this branch of Red Cross makes layettes for babies. These are given to the needy in the county. Mrs. Minnie Hartley is chairman of this department and for the past year has worked almost single handedly trying to keep up with the demand. She needs help. The garments are all cut out ready to be sewed. The work can be done in your home. Even an hour or two a week will help.

The stock pile of layettes is exhausted so act now. This would also make a worthy project for one or more of the many service groups in the county. Call Mrs. Hartley, Phone 2521, and offer your services now. She can't do the job alone.

Spike's Destroyed For Second Time By Fire

Loss was estimated at \$152,000 by owner Harold "Spike" MacNeven as flames ate their way through the entire Keg O'Nails and bowling alley in a completely destroying fire last Wednesday night and during the early morning hours Thursday. The widely known tavern and recreation center located on US-27 just south of the Michigan Avenue intersection in Grayling was totally destroyed in another blaze on December 30, 1947, and had been completely rebuilt.

Frederic News

Those on the sick list include Elroy Barber, Mrs. George Lodge and two children, Mary Bea and Phillip J. and Mrs. Harry Horton.

We hear George Horton is very much improved and will soon be coming home. Good luck George. Mr. and Mrs. Jay Wilcox are in Bay City due to serious illness of Mr. Wilcox's mother, Mrs. Clara Wilcox. Earl Confer went down Saturday to see his grandmother.

Engagement Announced

Mr. and Mrs. Norman V. Plass River Road, Maumee, Ohio, announce the engagement of their daughter Helen Mae to John Lawrence Trudeau, son of Mr. and Mrs. Lawrence E. Trudeau of Lake Margrethe, Grayling, Michigan.

Miss Plass attends Bowling Green State University, Bowling Green, Ohio, and her fiancé is a student at Michigan State College, East Lansing, Michigan. No wedding date has been set.

Loss Set At \$152,000

For the second time in a little over four years, Spike's Keg O'Nails was completely razed by flames in a fire that broke out about 9:30 p. m. last Wednesday night. The blaze was out of control for four hours as the Grayling Fire Department valiantly sought to confine the flames. The tavern and bowling alley, located on U.S. 27 just south of Michigan Avenue, in Grayling's business district was a gutted, blackened wreck by the early morning hours of Thursday.

The loss was estimated at \$152,000 by Harold "Spike" MacNeven, owner of the state wide known establishment. Insurance on the contents and structure were understood to cover roughly forty per cent of the loss.

All equipment and stock in the building, including thousands of dollars in liquor, eight modern bowling alleys and bowling equipment.

Kiwanis Club Notes

"Only Four Return" was the title of a movie shown as the program at the regular weekly meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn Monday evening.

The picture and following short talk and question and answer period was handled by Corp. Doney of the Houghton Lake Post, Michigan State Police. He was introduced by Larry Galhouse who was in charge of the program.

The movie pictured an average five auto drivers leaving their home in the morning for their various day's activities. Of these drivers, only four returned home because of traffic violations which brought sudden death to one of them.

The movie, narrated by Jimmy Stewart, brought out the point that the difference between what is commonly known as a "minor" traffic violation and a manslaughter charge may be but a fraction of a second.

The State policeman carried on a question and answer period about various speed laws and traffic conditions following the screening of the movie and a short talk.

Maple Forest

Mr. and Mrs. Vaughn Weaver spent the week end in Buchanan. Rufus Edmonds of Flint spent Saturday and Sunday here with his mother, Mrs. Pauline Edmonds.

Mrs. Jack Feldhauser was hostess to fifteen little friends and relatives at a birthday party Saturday for her son, Curtis, who celebrated his fifth birthday.

The Oscar Borchers family of Grayling visited the Roy Pappas family Sunday.

Among those from here to attend John Deere Day last Thursday in Grayling were Wm. Woodburn, Henry Smith, Mr. and Mrs. Charles Owen, Mr. and Mrs. Harold Dabbitt, Shirley Babbitt, Mr. and Mrs. Ed Feldhauser, Bessie and Dora Feldhauser, Stanley Hummel, Mr. and Mrs. Donald DeBoson and Mr. and Mrs. Ted Baynham.

From March 1st through the 13th, there were 26,502 lbs. of milk produced by the members of the Crawford County Dairy Association. Of this amount, seven percent was surplus.

Don't forget the T. N. T. spring dance and cake walk at the Town Hall this Saturday night. Potluck lunch. Everyone welcome.

ment owned by Grayling residents and kept in lockers, went up in flames.

The fire marked the second time the tavern had been razed by fire. On Dec. 30, 1947, the tavern, housed at the time in a frame structure, burned to the ground. It was replaced by a modern, cinder block structure that was 80 feet wide and 120 feet long all modern equipment was installed in the new tavern and eight modern bowling alleys were placed in use.

Smoke, the first sign that the building was on fire, was first noticed at 9:30 o'clock by pin boys in the bowling alley.

They informed MacNeven who went into the basement to find smoke and fire pouring from the oil furnace that heated the establishment. MacNeven turned in the alarm, and by the time he attempted to get back into the basement the dense smoke made entry impossible.

When the local fire department arrived dense smoke and some fire had been carried into several parts of the building by the ventilating system.

The smoke hampered the firemen in fighting the blaze. The fire smoldered for about 30 minutes until flames started to belch out from under the roof and through the floor in the tavern portion of the structure. The flames ate gradually from the left to the right side of the building.

The first section of the roof fell in about 11:30 o'clock and the final roof section collapsed about only 30 minutes later.

Fire Chief Amos Hoesli said that the dried, hardwood of the bowling alleys made an intense, hot blaze, while liquor in the tavern also fed the fire.

The flames shot nearly 100 feet into the sky from the doomed building, attracting practically the entire populace of this community. Local townspeople and high school youths assisted the volunteer fire department in handling hoses and keeping back the crowd.

The fire truck from the Grayling Airport and two fire trucks from Camp Grayling were called to assist local firemen in the losing battle with the flames.

Water was played on the nearby Hanson Hardware building, the A & P store and the building housing Mac's Drug store to prevent the flames from spreading to these structures. Firemen also climbed atop these buildings to enable them to send water from their fire hoses into the center of the blazing structure.

For a time it was feared that the entire business block might go up in flames. The fact that only a light wind was blowing assisted firemen in controlling the blaze.

No one was injured in fighting the fire.

Assistant fire Chief Gene Pappas said one fire truck was left at the blaze scene until 7 o'clock Thursday morning to make sure sparks from the smoldering embers did not start flaming again.

MacNeven told the Avalanche this week that he was undecided at this time whether he would rebuild the tavern and recreation center again or not.

Earl Confer of Frederic made a trip to Bay City Saturday and returned home Monday. While there he enjoyed his children and bought them a new Easter outfit of which they are very proud.

We are very sorry to know the mother of Jay Wilcox whose home is in Bay City, is still ill.

The Shiawassee Dog and Gun Club sent another load of hay to feed our deer around Frederic. It was brought from Owosso Friday by Clyde Sutton and a friend. Much credit must be given Allen Leng, who picks up a gang, distributed 22 bales Sunday and this week and will take a horse and sleigh and distribute the rest of the hay. Allen reports the hay distributed earlier has been consumed by the deer and 10 deer were seen eating on the remainder Sunday afternoon.

Joan LaMotte of Grayling and Dick Snell of Waters were pleasedly surprised Friday night at a joint birthday party at John's home. Each received lovely gifts, had plenty good eats and everyone reports a nice time.

Lee Wanat from Detroit brought a load of young folks to take part at the Ski Club north of Frederic Sunday. Lee owns a shoe store in Detroit and while here visited an old friend Barney Sajdak at the AuSable Hotel. Come again Lee.

We must give our Frederic shuf- fleboard teams more support.

Barney's team lost to Darcy's. Day and Hinkle's lost to Norwood Bar.

Alex. Oatocor and Frank Stiblik from Owosso spent Sunday in Frederic visiting old friends and making new ones.

Week end guests at the Bud Taylor home, Grayling, were Helen's sister, Virginia from Chicago also Bob Duane from North Carolina.

Bob Lozon, Jr., and family of Mt. Pleasant visited his parents at Frederic over the week end.

Another very welcome guest was One Lozon from Grand Rapids. One has many dear friends in Frederic who were all very glad to see her. Don't stay away so long One, come more often.

Mr. and Mrs. Burrell Volmer had as week end guests his Mom, the Wm. Volmers of Saginaw.

Tom Laudin and wife from Traverse City spent the week end in Frederic. Mrs. Laudin is the daughter of the Al Hunts, formerly of Frederic, now of Detroit. We are looking forward to an early spring visit from the Hunts.

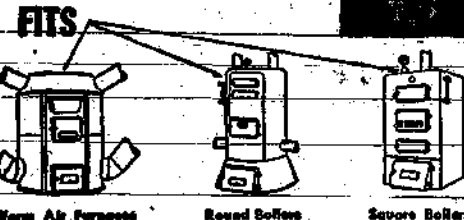

Shirley Corsaut and family of Mio spent the week end with their parents and friends at Frederic. Sure good to see you folks.

Your Congressional Representative—

It is our belief that the Representative in Congress from each district in the United States should do as the name implies — truly represent the people who have elected him to Washington. We further believe that he should at all times stand for the defense of the Constitution and the people's rights and freedoms under that Constitution. His manner of voting the will of those he represents should be tempered with the deeper knowledge that he has on the subject.

We can not go along with anyone who watches the people's freedom being torn from them without putting up a fight no matter how great the odds against him. We believe that people who vote for a representative have the right to expect to be represented . . . not just in Washington but on the floor of the House of Representatives, every day of every session . . . illness or other matters of great importance being the exception.

We have known Rev. R. C. Puffer for six years. He has been our pastor for six years. We know him as honest, capable, intelligent and what is more a fighter for what he believes in right down to the last wire. The enemy will never be so strongly entrenched that he won't take them on if he believes they are wrong and he is right.

If only we could elect a Representative to Congress of Rev. Puffer's stature from every district in this United States, we would never need fear of the loss of freedom at home from the threats of mismanagement, overmanagement and moral disintegration in our government.

We fully understand the difficult task that the candidate has before him. Coming from a small town in a far corner of the District beset with probable political maneuverings in the larger population centers of the District his will be a hard battle, one to discourage a less hard fighter.

This candidate, we'll go sled length for . . . and we'll still be with him when the votes are counted . . . no matter what the result.—R.W.S.

Meet your neighbor for coffee on the first Friday of April for a coffee treat at any eating place, where, for a few extra pennies you may have fun.

The Board of Directors and all workers are invited to a gathering Wednesday, March 19th date

changed from regular 3rd Monday) when all materials will be passed out at MacAuley's.

Lets have fun for just a few coins, when we know that all of it may help any cancer patient at a future date.

Two patients were cured already because of early detection. Lets be ready for the month of

From where I sit... by Joe Marsh

It Isn't the Heat—
It's the Hide!

Big discussion after the Grange meeting Friday night. Tik Anderson was arguing that hogs were lots more affected by the hot weather than cattle. Skeeter Morgan declared that it wasn't so—that he never saw any hogs bothered by the hot sun like his cows were.

I was glad when Rusty Robinson stepped in.

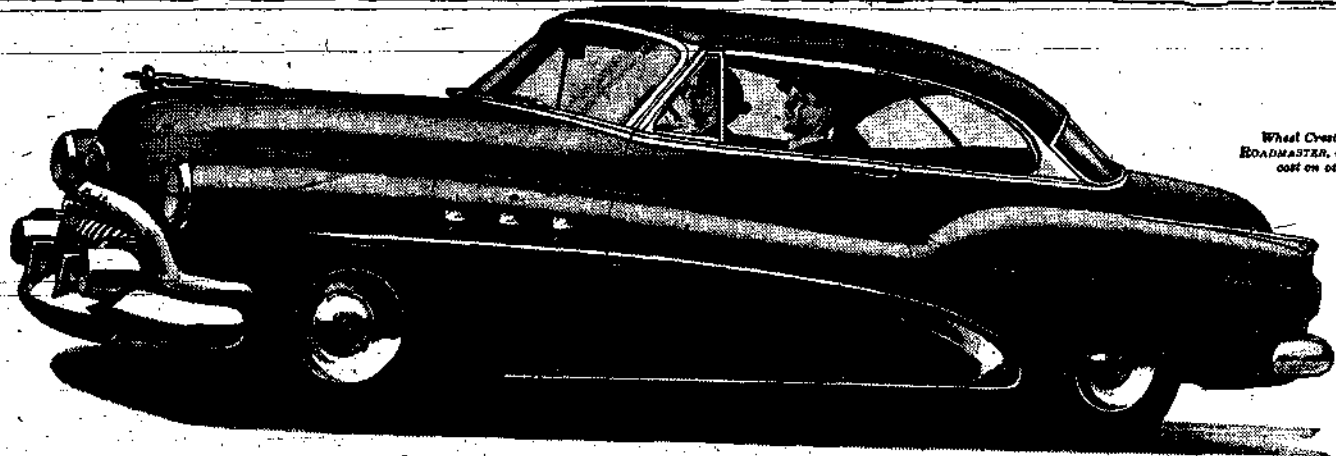

"Boys," he says, "don't get so riled up. It all depends on what color the livestock are. Hogs or cattle, the ones with light-colored coats absorb less heat from the

sun's rays than animals with dark coats. So you're both right!"

From where I sit, so many useless arguments could be avoided if a person would remember he doesn't have all the right on his side. Reminds me of folks who insist that coffee, for instance, is the only drink, forgetting that other people have a right to a glass of beer now and then. If we wouldn't get so "het up" about our prejudices—we'd all be better off!

Joe Marsh

You're off in a Swirl of Power!

WE'RE willing to wager that not one person in a hundred knows what really goes on inside an automobile engine—so let's take this by easy stages.

The instant you nudge Buick's Fireball 8 Engine into action—a whole string of things starts to happen.

Eight sparks begin to crackle in well-timed sequence. Eight pistons start gliding up and down with rhythmic precision. Eight pairs of valves dance open and closed—to let fuel charges in, exhaust gases out of cylinder after cylinder.

All right, you say, what's so complex about that? Can't anyone build an engine that does this to perfection?

Well, we'd better add, these things happen at the rate of more than 10,000 times per mile—and that's 100 times per second at 35 miles an hour!

So—it's important to know that Buick uses a deep-breathing valve-in-head design that shoots a fuel charge in—cleans exhaust gases out—in a hurry.

It's important to know that all the power released by the fuel concentrates its driving force right on the head of each Buick piston. (Everyone who has recently built "new" high-compression engines copied this "Buick first.")

But most important of all—Buick adds one more twist which others still haven't copied.

Every charge of fuel rushing into a Buick engine becomes a twisting, swirling, high-compressed ball that flashes with sudden, consuming completeness the instant the spark sets it afire.

And to add this all up: clean, complete combustion—10,000 times per mile—is the secret of getting more power—more

miles—from each gallon of gasoline.

So we're not simply using picture words when we tell you that Buick—and only Buick—has a FIREBALL ENGINE—or that you're off in a swirl of power with one of these high-powered performers under the hood.

1952 has brought a lot of sparkling new improvements which you'll want to see and admire when you come to our showrooms.

But the thrill of thrills is still what you and a Buick—and a Fireball 8 Engine—can do out on the road. When do you want to try a sample?

Equipment, accessories, trim and models are subject to change without notice.

DO YOU KNOW:
 MICHIGAN INCLUDES HALF OF LAKE SUPERIOR, MIDLAND HURON AND ST. CLAIR, TOTALING 97,120 SQUARE MILES OF LAND AND WATER AREA. IT IS ACTUALLY THE LARGEST STATE EAST OF THE MISSISSIPPI, EXCEPT FOR FEDERAL NAVIGATION REGULATIONS, MICHIGAN EXERCISES THE SAME CONTROLS OVER THESE WATER AREAS AS OVER ITS LAND.

 SOME MOUNTAIN ROADS ARE THE NEWEST ONLY THIRTY-FIVE DAYS OLD. THESE NEW 2000-FT. SKI LIFT, WINDING SHIPS, AND SIGHTSEERS ATOP THE 500-FT. MOUNTAIN AT THE RATE OF 800 FEET PER MINUTE, FROM THERE THEY CAN PICTURE-BEACH VIEWS AND MAKE SWOOPING DOWNHILL GUIDES.

HOW DETROIT GOT ITS NAME:
 DETROIT'S NAME IS PURE FRENCH, "DETROIT" MEANING "OF THE STRAITS". THIS REFERS OF COURSE TO THE RIVER DETROIT RIVER WHICH CONNECTS LAKE ERIE AND ST. CLAIR, AND IS TRAVERSED BY MORE SHIPS THAN ANY OTHER INLAND WATERWAY.

GOOD DEED FOR SEED:
 PELLETING SEEDS IS A PROCESS DEVELOPED IN MICHIGAN. THESE COATED SEEDS ARE MOST VARIOUS TO DISINFEST AND CURE CONDITIONS. FERTILIZER IN THE COATING IMPROVES THE SEED'S PLANT-GROWING ABILITY ABOUT 300%. CONTROLLING THE PELLET'S SIZE MAKES SPRING PLANTING SPEEDIER AND MORE ACCURATE.

Our Nations Future Citizens

Pictured above are five more children in the Avalanche's current series of future citizens. Those pictured from right to left are: Jacquelyn, 5, and Linda, 3, daughters of the LeRoy Christians of Grayling and Donna Jean, 6, Carol Jane, 5, and Nancy Rae, 3, daughters of the Elmer Pentons of Grayling.

Question now is, can the state at this time afford the \$2 million needed for preliminary work, despite assurance from a traffic study firm that the money could be returned—with interest—through increased tourist trade and tolls?

Republicans still are groaning over Williams' veto of the liquor license fees bill which would have netted the state, they say, a needed \$2 million. The bill split the fees 50-50 between state and local units instead of giving local units the 85 percent they now are getting.

Chuckle of the week: When the vote tabulating machine in the House of Representatives broke down—again—it showed a vote of 495 yes, 125 nays and 3,689 not voting. There are 100 members. Quipped Ed Carey (D-Detroit), "maybe the machine has reappointed the state for us."

Eldorado News

(Too Late For Last Week)
Mr. and Mrs. Raymond Peterson and Mr. and Mrs. R. A. Stevens called on Mrs. Mattie Funch on her 89th birthday, March 4th.

Mrs. Robert W. Lozon and son, Timmie, are again at the home of her mother, Mrs. Katie Wehnes after spending some time in Frederic with her husband, and with his parents, Mr. and Mrs. Robert J. Lozon.

Mr. and Mrs. Edward Schwalm and Mrs. Leda Scott of Roscommon were callers at the Royd Funch home Sunday.

Mr. and Mrs. Arthur Gleason and daughter, Charlotte, of Lapeer spent part of last week at the Richardson and Wehnes homes.

request for deficiency appropriations by practicing economy. He has not told the people how his own Department of Administration failed to hold the line to keep expenditures within appropriations. The executive department has sought by every means at hand to create more of a financial crisis. To show what has happened in State government, I made a study of the payroll of one agency. I discovered that in the last six months the salary of one individual has increased more than \$1,600.00 a year because of salary increases, step increases and up-grading in his job. Six months ago, he was performing the same duties for \$1,600.00 a year less than he is performing them now. I know of few places where he could find employment and receive that sort of treatment. So I say that economy, both on the local and State level, must be a prime object of all units of government if we are to avoid heavy new taxes.

There is one expenditure which according to experts, would see fair return—the straits bridge.

friends at Frederic Friday. Jim Bingham returning home with them, on account of the storm, all were held up in Grayling. Ray just couldn't figure out how three of them could make it with only two pairs of snowshoes.

We enjoyed the company of Clyde and Clara Harnack of Pontiac, while they were in Frederic and sure hated to have them leave. Hurry back folks.

Bill Welsh of Dearborn and daughters, Edith and Gretchen, visited their mother, Mrs. Payne in Frederic over the week end. Mrs. Archie Boyce, who recently visited her mother, Mrs. Jay Wilcox at Frederic is now visiting relatives in Bay City. She will leave Wednesday for her Florida home and says she had a wonderful time in Frederic and tell everyone hello.

Home from Flint to spend the week end with their parents came Ethel and Henry Shawl, Joan Madill and Gene Kaiser. They're always welcome in Frederic.
